The Night Before

Xanquanii Lee

Oh, no! I have a big test tomorrow
Does anyone have a book I can borrow?
Too late now, I am already en mi casa
I have to use my notes to see qué pasa
Stupid me! I waited for the last minute again
I even don't know where to begin
Three chapters to be done tonight
To stay awake I'll have to fight

Chapters 1 and 2 are kind of completed
I'm skimming now, my alertness is depleted
All this studying is such a pain
There's too much information for me to retain
I kept trying not to doze, for I am so very close

Ah, yes! One section left!
This is the easy one I bet
All of my studying is done for the night
Just have to review later on, all right

The test is today
"I crammed all I could," I say
One quick review before class begins
If I FAIL to do well, it would be a sin

I have the test in front of me now
I have to "chill," and not have a cow
It's all multiple choice
I hope the choices are wise.
Since this one is A and that one is C,
I suppose the next one will be B,
And when it's over I'll be free

Finally I have completed this test
And I'm sure that I am the very best,
My answers must coincide with the teacher's
Or I will be caught by the Grim Reaper
And sent to my room for eternity
Next time I know I must study soon
I'll begin before I see the moon.
Even though I have said this previously,
"No more waiting until the last minute for me!"
Next time, maybe you will see
